Keval Kant

Python Developer

+919882364777
kevalkant9098@gmail.com

Python developer with a passion for solving real problems through clean code and creative thinking. Love to build, learn, and occasionally break things (and fix them smarter).

keval9098.github.io | linkedin.com/in/kevalkant | Bangalore, India

Area of expertise

Python | Django | Flask | FastAPI | Linux | Docker | SQL | AI/ML | Agentic AI | Prompt Eng | RAG | LangChain | LangGraph | LoRA | QLoRA

Experience

Software Engineer

Oct,23 - Present

NetApp (Payroll - **Mindteck**)

1. **Auto Test Pilot**
   - Complete end to end solution for automated testing.
   - Includes test scenario generation, test case generation, and test execution.
   - Agentic workflow for automated generation based on langGraph.
2. **Code Review**
   - Automatic code review using openai (gpt). Follows internal 5S QA standard (style, structure, syntax, security, scalability)
   - Review pytest script code on basis of 20 checkpoints including python best practices and docstrings formats.
   - Integrated with build process and perforce.
   - Analytical dashboard for Admins/Managers/Users which shows different metrics to evaluate review process.
3. **Auto Recovery**
   - Automated recovery for ONTAP systems from failure states using custom heal scripts.
   - Intelligent issue detection and resolution based on system state analysis.
   - RAG model using chroma DB for better recovery solution.
4. **Auto Report**
   - Built email-based report generation tools for managers.
   - Delivered two versions: one using OpenAI, another using LLaMA 3.1 and Mistral 7B (self-hosted).

Freelancer

May,20 - Sep-23

Fiverr/Upwork

- Developed 20+ full stack applications using django/React for clients.
- Deployed more than 100 python applications on servers like AWS, GCP, digital ocean, Linode, heroku and shared hosting(Cpanel)
- Successfully completed 350+ orders with excellent client feedback.

Education

Btech ECE

Aug 14 - Jul 18

Jawaharlal Nehru Government Engineering College Sundernagar HP

12th

Apr 12 - Mar 13

King George Royal Public School Nerchowk HP

Interests

Nature Trails, Trekking, Reading, Artificial Intelligence. Tech-savvy, people-friendly, and driven to create impact.
